“ So very sorry to hear of the passing of such a sweet and precious lady. I worked with Nancy several years at the Lee Plant. She was dedicated to her work or anything she did and always did them well. Nancy, had a love for children. Once the Lee Plant closed she was very concerned what she would do to make a living at her age as so many of us. But, with all the love and sweetness she had for children she decided if she could get enough children to keep while parents were working, that's what she would do. Nancy, kept my grandson, Logan from the time he was a month or so old to school age then some on weekends and during summers. She was like a grandmother to him which I so appreciated her so much since I was divorced and had to work a full time job myself. Nancy, was wonderful to him. She loved him dearly and he her but never attempted to replace me as Logan's biological grandmother. I respected her highly! Go fly with the angels, Nancy, you so deserve it!
