“ *We met Brandy at clinic when we first started taking my daughter Amber Carroll. Brandy was a bit older than my Amber. Amber also had spina bifida. Amber also passed in May of this year she was only 31. I am sorry to read of her passing. I know they traded their wheels for wings. My sincere condolences to her family.*

“ Brandi was a very special person who always had a smile and a good word. She loved working with the Awana program at our church, was very committed to be there and on time, and loved working with the children, helping in whatever was needed. I cannot imagine how difficult her life must have been; but she never complained. Now her suffering is over; I am thankful to have known her. May God truly bless her family and friends.

Patty Morris - June 14, 2020 at 11:06 AM

“ I was blessed with your friendship on line and I grew to love you like family . Heaven got another Angel . I was blessed to have you part of my life . Thank you Lord for letting our paths cross .

Debbie Upton - June 14, 2020 at 09:15 AM

“ I am so sorry for your loss of Brandi. She was the kindest, most loveable person I had the pleasure to take care of. She and I talked daily and she became as close to me as a sister. She will always hold a very special place in my heart. I pray for your whole family as I know this is a difficult time.

Laura Wooten - June 13, 2020 at 09:38 PM

“ Brandi was one of my special students at Whitesboro Elementary. She probably taught me more than I taught her! We had a close personal relationship that I still treasure. Her mother Jo was a wonderful person, too. Rest in Peace, Brandi. With love, Wanda Mashburn
