“ Claire was always so happy to see my basset babies on facebook, she always had just had good things to say and couldn't wait for the next posts. True to her love for animals and the basset breed she ordered shirts and masks from Beau&Daisy all the way in South Africa. I will never forget her excitement when she received her package all the way from SA. Claire was a friend to all of us at the Beau&Daisy group. She is already missed and when i scroll down the comments and i dont see her name it is like a reality hits me that the voice we all so loved is now quiet. Claire thank you for your love, support and dedication may you fly high with the angels our sweet friend. We miss and love you always Beau&Daisy and Friends

“ Ms. Clare was one of my most cherished and closest friends. She was my whole heart and my heart is deeply saddened by this incredibly painful loss of one of the most amazing and loving people I was blessed to have known. She was loving and kind, she was compassionate and she was loyal and even fussed at me sometimes when I was stubborn. She was a dear friend but was almost like a second mama at times. She always had good advice for anything I talked to her about and it didn't matter what time of day or night I reached out to her, she was always there. She always showed up for every single event that was special to me such as the kids birthdays, my baby shower, our wedding, surprise birthday party and she was always such a blessing. I loved visiting her and we would just laugh and talk for hours about just about everything. When she had her new house built, she even had a key made for me (I never even asked for one) but she always told me that her house was my house and I was always welcome. If I was having a bad day or if I just wanted to get out of the house, I would just go to her house and sit on the couch and watch movies or I would even lay down in the guest bedroom sometimes and fall asleep and would wake up later and realize that she came in and put a blanket over me and she would even cook extra for me when I woke up just to give an idea of how thoughtful she was. This world lost a truly special person. She will be deeply missed!.

“ Always a smile, a joke, a kind word. I never heard her talk bad of anyone. We all missed you at the last class reunion, so glad you messaged me later. You were loved and will be missed. I know you are in a better place and I pray for peace for all your family and friends.

“ My adopted sister Clare was an amazingly wonderful and caring person.

She was a hard working and dedicated professional which had a positive skilled impact on others within her profession.

Clare’s compassion for both animals and people will always be remembered as she won the hearts of so many. She was not only a valuable asset to the veterinary profession but also to her community. She definitely made a difference.

It’s hard to put into words how much Clare meant to numerous people. The loss of our Clare is devastating but fond and loving memories of her will live on.

We had multitudes of adventures together. Thanks Clare for sharing so much time and so many hugs with me. I Love you “Sweetums”!!
