“ I miss you so much baby. Lord knows how much we need you right now. It doesn't feel right without you here. You will always be my baby and I will always be your babe. Always and forever. And yes, you never let me forget the first time you laid eyes on me. You remembered what I was wearing and how my hair looked 😭. You were in love then 😍😍 And you never let me forget that ONE time I forgot about our 4th anniversary. You even let me pick out my anniversary gift without me realizing it. I will forever miss that and you.

I was never scared of my lil' Big Brother at anytime I love riding fast and never hesitated to put on boxing gloves with him. We fought like tigers growing up BUT we loved each other unconditionally. And he kept me in a lot of fights growing up. If he ever got off the bus upset and said hey sis they was this girl I said whose house we going too.... We were always his protector and he ours. The only thing I never did he begged me to do is get on the motorcycle with him . I told him I have too much to live for haha. So many many memories we all have and will cherish. I never thought my heart could be this broken but it is . He is missed so much and a piece of me will always be missing ...the peace I find is that he is finally at peace ... rest easy my Lil'Big Brother this is not goodbye but see you later..

I wanna say," I'm sorry for y'all's loss." David was a good hearted person. I'm praying for you all. I didn't know him very well, but the last time I seen him, he remembered me. I didn't recognize him, because he was all grown up. When he told me who he was, I remembered him. I told him," I remember you, you are all grown up now and I didn't recognize you." He was so sweet to me that day. I could see how precious he really was to you all. May God hold you all in his hands, and give you all comfort at this time.
