“ *So many good memories. When they lived on Leeth Gap behind Mother, all neighbor kids met at their house to play. We would play base ball most every day, only thing is, we could'nt afford a real ball, so Aunt Leona made us sock balls, she made us quite a few and other times we used tin cans, Dennis was always our leader, our hero. I remember when Dennis got his first car he came over to take us for a ride. He let me sit next to him and learned me to shift the gears, I guess he gave me my first driving lesson. Dennis and us cousins partied, double dated, even done some picking and grinning together. A lot of fun times. But even in sad times Dennis and his family was there for us. When Judy was in the hospital the last few weeks of her life, Uncle Ped, Dennis and Connie tended my Dad's crop so we could spend time at the hospital with her. The whole family helped us through some of the hardest years after Judy's death.*

I know that Dennis is at rest, and oh, the reunion he is having. Family you have my prayers and my love.
