“ I'm grateful our paths crossed and we got to share time together for the years we had. Sue loved her life, her family and she found joy nomatter what the cirmstances were. She wae the perfect friend-- she loved me, supported me even when I was wrong, loved my family and we had a lot of joy in our journey. You made the world a better place. You were loved and will be greatly missed. Your friend Linda and the rest of the Ackerman family.

What an accurate description of momma. She always said “better to laugh than cry “, even up until the last days of her life. She taught us to smile through the tough times, and keep our head up. There was never a time when she didn't make me feel better, no matter what the situation was. She loved and laughed hard. Yes the world was a better place when she was in it. I miss her so badly. We love you- Carla

“ My dear beautiful friend of 60 years made her Heavenly trip home last night. RIP Dorothy Hallmark Whitt, your suffering is over. I can just hear you singing with the angels and all of your family who were waiting for you to get there. We will miss your beautiful smile, the sound of your laughter, you funny sense of humor, your goodness and the sound of your voice. Your memory will live on in the many lives that you touched and when they think of you we know they will smile and tell a story of something you said or did when you were with them. I am so thankful for the time we got to spend together in October where we talked, laughed, cried and promised each other we would see them on the other side. I love you my friend and will be listening for the message you said you would send me from Heaven.
