“ *My deepest and most sincere condolences to the family of Judy. I know how broken hearted you all must be and are on a different journey than the one you expected to be on. My heart is very broken as well. We started to school together in 1st grade and I moved away the summer going into 6th grade. I returned the 2nd half of our Sophomore year and graduated with everyone. We had so many good and fun memories. She was a true friend in every way and I will always remember her, think of all our good times and remember how unconditionally she loved everyone. May God be with you each day during the struggles and heartaches, and remember how deeply she loved her family. God bless and we will be there if you need us.*

“ *I am so very sorry! Judy and I went to school together from first to twelfth grade. She, Becky Kilgore and I used to sit together on the school bus. She was a precious sweet person! My prayers are with the entire family!*

“ Judy was not only my younger sister but my friend that I could talk to about anything. Judy was the person I went to after Bobby's death when I could not stay in my house because it was so lonely without him. She always told me to come over to her house and be with Johnny and her. We had so many fun times together, she was so helpful to me. I love her so very much and I thank God for having a sister like Judy❤️
