“ June was an elegant lady, always kind . She put on a happy face even when she was sick. She had a bubbly personality, especially when talking about Elvis. She treated us all as we were her own children, and we were in our hearts. She loved all her grand and great grandchildren so... much. She always ask me how's all my babies My heart is broken and life want be the same on this earth. We shall all be together again with all our loved ones. In heaven we will live for eternity with no more sickness only pure joy we have never experienced on this earth, what a glorious day that will be!

“ June was my Aunt.. She was always beautiful and had a beautiful soul. I would come down and she was alway have me spend nights with her as a kid. It seemed that everytime I was down there she would have chicks delivered when i was there with her. She will be missed and she will always be in my heart.

“ June came into my life when I was in my late twenties. June treated us like we were her own children. We were not blood but we were heart. I will miss you dearly. I take some comfort in knowing she and my dad are together again and she is with other loved ones that have crossed over. Till we meet again.

June was a lady of dignity, kindness and never tried to complain no matter how bad she felt. She always was bubbly especially talking about Elvis. She loved me as I were her own child. My heart is broken and life on this earth will never be the same. I love you so... much June and I know you loved me too! We will meet again sweet June, in heaven with all our loved ones. There we will live for eternity free from all afflictions, pain, sorrow, what a glorious day that will be!

“ June was a truly delightful person!! She always had such bright eyes and quick smile that was so interested in people and a kind spirit that loved everybody!!! She loved her family very much and was always quick to tell about them.

We shared many wonderful times together as neighbors and later in the art studio where she loved to paint.

I pray that all of us who loved her can carry that kind happy spirit that we learned from her into the lives of many that we meet.

Our prayers are with you,

Mary McCormick
