“ Tommy was always a great friend and had a kind word and always wanted to share a memory about my Father in school at Sardis. I appreciate the memory of him and friendship with the family. God bless the family with comfort and good memories. Lane Johnson

“ I remember Tommy as being very generous in supporting trips, activities and projects at church when Tammy and Jennifer were in the Youth Department. He always had an encouraging word for me when I ran up on him anywhere. He has certainly left us some great young adults in this community in his children. I love all of you. And loving, caring Kay, I love you too. I pray that life continues to be blessed for you all. Linda
