“ *I just saw this, and I am so sorry. I knew Veronica when we were young women, and I remember when her precious Stephanie was born. Ronni was bright, funny, brave, and she was the most devoted mother. We shared a lot of laughs and a few tears over tea every afternoon, my friend and I. We lost touch when she moved, and only recently reconnected. I am truly saddened by her passing, and my thoughts are with her family. Stephanie, she loved you so completely.*
