“ *Life as we know it here on earth will never be the same without you around. I am confident that you are dancing in the skies and loven every minute of it. Each day is very weird and different without us hanging out or I just miss looking at my phone ringing and gthe caller id says Bill. DANG Im really at a loss for words. I love you forever and a day and I will see you again, until then watch over me and my family and do yo thang. Your life long bestie!!!*
